100% SOUTH AFRICAN CHICKEN

PRODUCT CATALOGUE

-2025-

### A HEALTHY, NATURAL DIET

We mill our own feed so that we know exactly what our chickens are eating – a 100% natural, vegetarian diet of grains and pulses from farmers we know and trust.

### PURIFIED WATER

Our chickens have constant access to high quality, clean water that has been purified on the farm.

### FRESH AIR

Our chickens enjoy fresh, moving air.

### A FAMILY FARM

We're a multi-generational farm with a strong sense of purpose and a deep understanding of what we do – raising wholesome, quality chicken for KZN households.

“

What's good for them,  
is great for us.

”

Fed a healthy, natural, vegetarian diet

No hormones added

No routine antibiotics or medication

### LOVING LOCAL – FARM TO TABLE

The Riversmead Farm is on the South Coast of KZN, and our family has been raising chickens with a clean diet, plenty of purified water and lots of room to move for three generations.

Local also means that our chicken products move from farm to table quickly, for farm-fresh quality every time.

Our farm supports local communities and businesses through employment and services.

### SUSTAINABLE FARMING

#### WATER

Water is recycled via anaerobic ponds so that it can be put back into use.

#### COMPOSTING

All biodegradable waste on the farm is carefully turned and converted into a nutrient and mineral-dense compost.

#### SOLAR

Solar panels in high energy use areas on the farm deliver clean, reliable and environmentally friendly energy.
